Your Memories, Our HeART

About Us

Luca & Benny D'Addezio

With over 15 years of experience across Italy, the United States, and Spain, we tell love stories through images that speak for themselves. Our approach is intimate, authentic, and unobtrusive. We make room for real moments — those that live in soft gestures and unposed glances.

We are quiet storytellers, inspired by photojournalism: present, but never invasive.

For us, photography is aligning the mind, the eye, and the heart in one line.

Our Style

A genuine story, with no staging

- ✔ Two professional photographers for every wedding
- ✔ Total discretion — we blend in with your guests
- ✔ Real emotion, never posed
- ✔ Narrative approach — your album will tell a story
- ✔ Musical slideshow always included

Every detail is crafted to let you relive, again and again, the true magic of your day.

Why couples choose us

Because we don't just take pictures — we capture the *feeling* of your day. We believe the best moments are unposed, the most powerful ones often unscripted. Our passion is to tell your story honestly and beautifully, from the inside out.

Ready for images that don't just show what happened — but how it felt?

Let us be honest with you from the very beginning: we are not here to direct your love story or ask you to pretend for the camera. That's just not who we are. What we seek is something far more precious — authenticity. The way your eyes soften when you look at each other. The way your fingers find one another, instinctively. The laughter that escapes when no one is watching. These are the things that truly matter.

When we document a wedding, we are not chasing perfection. We are following emotion. And in doing so, we allow your story to unfold gently, just as it is — imperfectly beautiful.

That's why, before we even lift a camera, we get to know you. We talk. We connect. We share. Because when your wedding day arrives, we don't want to be strangers with cameras. We want to feel like friends — the kind you trust to be by your side on one of the most intimate, unforgettable days of your life.

Over the years, we've captured countless stories across Italy, the US, and Spain. But it's here, in Mallorca, that our hearts feel most aligned. Maybe it's the light, maybe the sea breeze — or maybe it's the people we meet. People like you, who value connection over perfection, feeling over formality.

"They didn't ask us to pose. They just let us be... and somehow managed to capture exactly how it felt."

-Nuria & Tomás

This Is How We Hold Your Story

From the moment you get in touch, our journey together begins. We're here to support you, guide you, and gently help shape the way your story will unfold — not just through our lens, but through how you'll remember it.

We believe in simplicity and honesty. That means no forced poses, no pressure. We'll help you choose the best light, the best rhythm for your day, and we'll adapt with grace if plans change. Our presence on the day is quiet and intuitive — we won't direct your moments, but we'll be there for every single one that matters.

We deliver each photo with the same care we took in capturing it. Your images will be curated and edited with artistry and soul, presented in a way that feels cinematic yet deeply personal.

"We didn't even notice them half the time... but looking back, they were everywhere. Always at the right place, always discreet."

-Marta & Alex

More Than One Day

Some stories deserve a wider frame. A welcome dinner under the stars. A slow brunch the next morning. Or a quiet portrait session at sunset, long after the music fades.

We offer sessions beyond the wedding day — each one treated with the same devotion to detail, intimacy, and atmosphere. These extra moments often become couples' favourite memories.

You can also choose to receive your full gallery in just a few days, for those who can't wait to relive it all while the emotions are still fresh. Or preserve your story in a fine art album: timeless, tactile, made to be passed down.

Questions You May Have

We're camera shy — is that a problem?

Not at all. Most of our couples say the same before the big day. Our approach is gentle and intuitive — we make space for you to be yourselves, and we melt into the background when needed.

Do we need to pose or follow instructions?

Only if you want to. We give light direction when helpful, but most of the time we simply observe and document the real, heartfelt moments as they happen.

When will we receive our images?

We typically deliver the full gallery within 6–8 weeks. A sneak peek or highlights may arrive sooner, especially if you've chosen the express delivery option.

How do we book?

50% to save the date, 50% one week before the event

Do you only shoot in Mallorca

We travel all across Europe. Wherever your love takes us.

Can we include special requests or people we want photographed?

Of course. We always ask what matters most to you — from moments to people to meaningful details — so we can make sure nothing important is missed.

Choosing them was like inviting friends, not vendors. They felt the emotions with us — and captured them better than we ever imagined.”

~ Clara & Bruno
